**9:15 – 11:15 COLT STARTING**

### ***First Ride***

Working with a colt that's never been saddled, Clinton walks you through his step-by-step process of introducing a saddle to a horse.

### ***Second Ride***

A colt that has already been given his first ride is brought out for this demonstration so Clinton can explain what he looks for in a horse's second ride.

### ***Third Ride***

The training progression of starting a horse under saddle continues with a session with a third colt that has been ridden twice before. In front of attendees, Clinton will share what he looks for in a horse's third ride.

**2:15 – 3:00 REINING TRAINING WITH A 2-YEAR-OLD**

Building off the session with the 2-year-old horse, Clinton goes into more advanced training detail in this demo. He'll also cover maneuvers specific to the show pen, such as lead changes, stops, rollbacks and spins. It's a rare opportunity to see Clinton doing what he loves best.
